## - Kitchens -

Lots of things matter in the kitchen, and we are not talking about recipes or flavors, but colors, textures, formats and the quality of the products that make up this space at home.

Get to know our products especially designed to create resistant kitchens, where real life comes in and messes everything up... See our flooring and walls and become inspired so you may create an ideal kitchen for family afternoon cooking and no-dishwashing Sundays.

For long-lasting  
kitchens and always  
in vogue, we offer  
**Lazzari Gray** ceramic  
in its **24"x24"** format.

# - Installation guidelines -

Install in accordance with current versions of American National Standards Institute, Inc. (ANSI) "A108 American National Standard Specifications for Installation of Ceramic Tile" and Tile Council of North America "Handbook for Ceramic, Glass, and Stone Tile Installation".

All installations of Terrazzo Tile will comply with the appropriate Installation method according to the current edition of the Tile Council of North America Handbook for Stone Installation.

**The Architect / Design professional will select which methods to be specified.**

**All specifications must also conform to local codes, ordinances, trade practices, and climate conditions.**

**ALFAGRES Terrazzo Tiles are provided with beveled edges, initial sealer, carton box package.**

- Examine areas to be installed with terrazzo tiles for compliance and tolerances affecting its installation.
- Arrange terrazzo tiles continuously beginning from the center line so that symmetry will be achieved.
- Perimeter pieces to be minimum half tile.
- Make joints even, straight, plumb and of uniform width to tolerance  $\pm 1/16''$  over 8' (1.5mm in 2.4m).
- Minimum recommended grout joint width is  $1/8''$
- The maximum allowable substrate variation can be no more the  $1/8''$  in 10' and  $1/16''$  in 24".
- Control dust to prevent air pollution and protect other work from dust generated by grinding operations.
- See to it that 100% of the back of the tile is covered with mortar so that there will be no lack of bond with substrate and it will not emit a hollow sound when tapped.
- During installation, clean promptly the surface of the tiles from mortar or grout splashes.

# - Terrazzo -
