

Terrazzo tiles

The colors of life in
an infinite and
unrepeatable material

Tiles that are true works of art, thanks to the timeless elegance of their designs. They represent the perfect combination of colors and textures, bringing a sense of wellbeing to spaces through a unique, infinite, and unrepeatable design. With the added confidence of a floor highly resistant to heavy traffic.

These floors are a promise of lasting relevance and refined taste, while contributing to a more sustainable world, as they are made from recycled glass and produced with low energy and water consumption.

Icon Glossary

Traffic - Surface properties and uses

- PEI 2

Light residential traffic with no direct access from the exterior, such as bathrooms.
- PEI 3

Light to moderate residential traffic, such as living rooms.
- PEI 4

Residential and light commercial traffic such as residential kitchens, hallways and home entrances.
- PEI 5

High residential and commercial +
